

**eHealth Privacy Service  
Request to Remove the Mask from PIP, PACS and SLRR**

I, the undersigned, having previously masked my personal health information in the Pharmaceutical Information Program (PIP), Picture Archiving and Communication System (PACS) and/or the Saskatchewan Laboratory Results Repository (SLRR), request that eHealth Privacy Service remove the mask(s) on my profile(s) stored in the application(s) I have selected below.

I understand that by choosing to remove the mask from any of the following applications:

- all of the prescribing and dispensing medication information contained in PIP will become accessible by the authorized users of PIP;
- all of the diagnostic images and radiology reports contained in PACS will become accessible by the authorized users of the PACS;
- all of the laboratory results contained in SLRR will become accessible by the authorized users of SLRR.

\_\_\_\_\_ I request that the mask on my Pharmaceutical Information Program (PIP) profile be removed.

\_\_\_\_\_ I request that the mask on my Picture Archiving and Communication System (PACS) profile be removed.

\_\_\_\_\_ I request that the mask on my Saskatchewan Laboratory Results Repository (SLRR) profile be removed.
