Why do I have to fill out an application form?

- An application is necessary to determine if you are eligible for coverage under the program.
- You are eligible for coverage if:
 - you are a Saskatchewan resident 65 years of age and older;
 - you have a reported income of less than \$75,480 on your 2010 income tax (Line 236).

Where can I find my income information?

- If you are unsure of your income in the previous year, refer to Line 236 on your Notice of Assessment or income tax return.

My 2010 income was higher than it is now. If I provide 2010 income information, I will not be eligible for coverage. Based on this year's income, I am eligible. Do I have to wait a year before I can apply?

- If your reported income from 2010 does not accurately reflect your current income, contact the Drug Plan toll-free at 1-800-667-7581 or in Regina at 787-3317.
- The Drug Plan will assist you in determining whether or not you are eligible for coverage in the current year. You will be encouraged to complete [Form A](#) and provide current income information documentation.

My spouse and I should both be eligible for coverage. Do we each complete an application form?

- Yes. Your Seniors' Drug Plan coverage is based on your individual reported income.
- Each member of your household who is 65 years or older must complete a separate application form.

When can I apply?

- You can apply for the Seniors' Drug Plan coverage at any time.
- If you apply before your 65th birthday, your coverage begins the first day of the month that you turn 65.
- If you apply after your 65th birthday, your coverage begins as soon as your application is processed.

How will I know if I qualify?

- You will receive a letter in the mail informing you if you do or do not have coverage under the Seniors' Drug Plan.
- The letter is for your records only; you are not required to show it to your pharmacist to receive your benefits.

Do I have to apply for coverage each year?

- The Seniors' Drug Plan is based on your annual reported income. The Drug Plan must confirm your income with Canada Revenue Agency each year to ensure that you remain eligible for coverage.
- By using [Form A](#), your coverage will be automatically renewed each year as long as you file your income tax return with Canada Revenue Agency and hold a valid Saskatchewan Health Card. You will be notified if there has been a change in your coverage.
- If you do not file income tax or would rather submit your financial information annually, please complete [Form B](#) and contact the Drug Plan for additional assistance. By completing Form B, you will be required to re-apply for coverage each year with supporting income documentation. In the fall, you will receive a renewal notice with the required form, details on any deadlines, contact information and instructions to renew your benefits.
- For your convenience, the Drug Plan encourages you to complete Form A, to prevent a lapse in coverage and so you do not have to complete a form and submit income every year.

I have Special Support already, why do I have to fill out another application for the Drug Plan to get my income information from Canada Revenue Agency?

- The Seniors' Drug Plan and the [Special Support Program](#) are separate programs and use two different income lines from your income tax form to determine your coverage
- It is required by the federal government that each applicant sign a consent form in order to release income information to the Drug Plan for each specific program.
